

Marco Giuseppe Angelo Teli, M.D.

Fellow of the European Board of Orthopaedics and Traumatology
Curriculum Vitae

Date of birth: April 18th, 1970

Nationality: Italian

E: marco.teli@thewaltoncentre.nhs.uk (hospital); marcoteli@hotmail.com (personal)

W: www.thewaltoncentre.nhs.uk (hospital); www.marcoteli.it (personal)

Special Interests

Spinal reconstruction and deformity.

Clinical & basic science research in above fields.

Robotic assisted spinal surgery.

Summary of CV

1992 to 1994: BSc research program, *Institute of Pharmacology - University of Milan*. In vivo studies on neuromuscular transmission, anticholinergic and cardioinotropic agents.

1994: Graduated in Medicine and Surgery.

October 1998: United Kingdom General Medical Council full registration.

November 1998 to April 1999 and August 1999 to February 2000: Visiting Fellow - SpR grade, *Orthopaedic Department - Glasgow Royal Infirmary*, Glasgow, UK.

November 2000: Assistant Consultant, *Orthopaedic Department - Luigi Sacco University Hospital*, Milan, Italy.

June 2001: Fellow, European Board of Orthopaedics and Traumatology.

January 2002: Spinal Fellow, *Royal National Orthopaedic Hospital and Great Ormond Street Hospital for Sick Children*, London, UK

January 2003 – March 2010: Consultant, *Spinal Surgery Department – R.Galeazzi Orthopaedic Institute*, Milan, Italy.

April 2010 – October 2011: Consultant and lead, *Spinal service, Orthopaedic Surgery Department – Policlinico San Marco*, Zingonia-Bergamo, Italy.

October 2011 to January 2016: Consultant and lead, *Spinal service, Orthopaedic Department – Ospedale Civile di Legnano*, Legnano, Italy.

February 2016 to February 2021: Consultant Spinal Surgeon, *Walton Centre NHS Trust, Dept. of Neurosurgery*, Liverpool, United Kingdom. Currently, Honorary Consultant.

February 2021 to date: Consultant and Clinical Director, *Spinal Surgery, Dept. of Orthopaedic Surgery, Casa di Cura Rizzola*, Venice, Italy.

Faculty, Eurospine Instructional Courses (Destructive diseases, Degenerative, Deformity). 2005-2016.

Honorary Lecturer, University of Liverpool medical degree course (Spinal disorders), 2016 to date.

Executive member 2010-2012 and Treasurer 2014-2018, Eurospine.

President elect 2019-21, Eurospine.

Spine Tango chair, 2019-2021, Eurospine.

Diplomas & Courses

Degree, Medicine and Surgery cum laude.
July 1994.

EU Medical degree (Dir. 93/16 EEC 5/4/93).
June 1995.

United Kingdom General Medical Council full registration (No. 4568195).
October 1998.

University of Cambridge Certificate of Proficiency in English (No. 006IT0188002).
June 2000.

EU Specialist degree in Orthopaedics and Trauma surgery (Dir. 257 EEC 8/8/91).
October 2000.

Fellow of the European Board of Orthopaedics and Traumatology (EBOT).
June 2001.

University of Cambridge IELTS test pass (8.0/9 grade).

United Kingdom General Medical Council Specialist Registry (No. 4568195).
September 2016.

Orthofix basic course.
March 1997.

Prof. Mantero Hand surgery & rehabilitation course.
May 1997.

American Academy of Surgeons ATLS course.
February 2001.

Prof. Catagni Ilizarov basic course.
May 2001.

Fundamentals of Spinal Deformity I (Scoliosis Research Society).
May 2002.

Fundamentals of Spinal Deformity II (Scoliosis Research Society).
September 2002.

AO-ASIF principles of operative fracture treatment.
December 2003.

AO-ASIF advanced Spinal course.
December 2015.

To whom it may concern

I was tutor of Dr. Marco Teli during his 5 years residency at the University Hospital of Varese, Italy, University of Pavia, from 1995 to 2000.

During that period Dr. Teli demonstrate to be a very smart, willing and clever resident.

He appeared gifted in clinical and surgical practice and in research.

I can confirm his surgical activity in the Hospital of Varese, University of Pavia, from 1995 to 2000 reported in his CV from page 1 to 99.

Dear fellow,

Concerns: Fellowship of the European Board of Orthopaedics and Traumatology

I consider it as an honour and a pleasure to have the privilege sending you the Diploma of your Fellowship of the European Board of Orthopaedics and Traumatology after the successful examination in Rhodes.

You belong to the first group of Fellow. From now on each year another Fellowship Examination will be organised. I hope your example will be an incentive for many other colleagues and I will be very grateful if you would encourage colleagues in your environment to apply for the examination.

Once more I like to congratulate you with your Fellowship and for the near future I wish you a Merry Christmas and a Happy New Year.

Kind regards,

Dr. M.T.C. Speeckaert
President of UEMS and EBOT

To Whom It May Concern

Ref.: MARCO TELI

Dr Marco Teli has been an examiner for the European Board Fellowship Examination (EBOT) for the last 8 years. He has been a Spine Examiner and during this period Dr Teli has shown to be a very professional doctor, very well read, updated with the latest technologies but also with a very solid basis in spinal pathology that is able to examine in all the different areas.

Both myself as the chairman of the EBOT Exam, as most of his co examiners has been pleased not only with his professional standards but also with a very pleasant attitude towards the other examiners and towards the candidates presenting to this fellowship examination under very stressful conditions.

For these reasons i would recommend Dr Teli as a very professional surgeon, very high standards of training and a member of a team that we would all want to have

Yours sincerely

Prof Dr Jorge Mineiro MD PhD FRCSEd

23rd March 2001

Dear Colleague,

It is with great pleasure that I write a reference for Dr Marco Teli who worked at Glasgow Royal Infirmary as a Visiting Fellow between November 1998 and April 1999. He subsequently came back as a Senior House Officer between August 1999 and July 2000. During that time he fulfilled all the duties of one of our Specialist Registrars (trainees) and acquitted himself very well. He expanded his surgical knowledge with supervising training in both trauma and elective surgery.

As you can see from his log book summary he was involved in a wide spectrum of orthopaedic surgery. He also worked specifically with one of our main revision hip surgeons and our spinal surgeon.

As a consequence I think he got a very good balanced training over the year he was with us.

In addition he contributed a great deal to this Unit. He is very well read and presented several of his research projects whilst in the department which had been initiated in Italy.

In addition, he completed 2 studies which I believe are likely to result in publications.

Overall we very much enjoyed having Marco in the department as he is very hard working and was well liked by the medical and paramedical staff. He very much contributed to the Unit in our formal training programme and at our weekly inhouse meetings.

In summary, I believe that Dr Teli was able to expand his surgical experience and demonstrated that he is an able and competent Orthopaedic Surgeon.

Kind regards.

Yours sincerely
